

# SOUTH SOMERSET CARNIVAL PARK COMMITTEE

The Clubs, committees, groups and individuals of the South Somerset Carnival Federation have joined forces in a bid to secure their own future.

20 years ago the South Somerset Carnival Federation boasted in excess of 20 mounted entries. Today this number is down to 7.

The aim of the South Somerset Carnival Park Group is to stem this decline by creating a Carnival park, a location where clubs, individuals, walkers and groups can build their entries without the constant threat of eviction many experience.

This facility will be an asset for all within the Carnival community allowing growth and development in equal measure and helping to ensure the continued success of the South Somerset Federation Group of Clubs throughout all Somerset Carnivals.

Don't delay - sign up today, pledge your support for this much needed project.
